

人这一生，究竟什么最重要？

What is the most important thing in a person's life?

当我们还是孩童的时候  
When we were children,

我们会去想  
时间从何时开始  
空间在何处结束  
世界是如此神奇而美妙

We wondered,  
“When did time begin?  
Where does space end?  
The world was so amazing and wonderful.”

当我们逐渐长大后  
我们却将『生存』视为理所当然  
不再去想它

After we grow up, however,  
we take “living” for granted,  
and don't think about this anymore.

跟随着世界的潮流  
争功名，逐利禄  
恣于情，纵于欲

Following the trends of the world,  
we fight for fame and pursue after fortune,  
allowing our desires and lusts run wild.

活着好像从不会死去  
As if we will live forever and never die.

人生的路

我们只能走一回

**But in this journey of life,  
we can only walk once.**

时间轴上

我们没有倒退

**And in the axis of time,  
there is no going backward.**
